ABOUT

THE CAPITAL

Talking about a business place, what ambitions do people have? Like if it is in the best location in the city, even if it is road touch, is on the corner or not, has ample space for parking, etc. But if someone tells you that all this is very basic, what if you can get much more from this? There will be something similar in **THE CAPITAL.**

The Capital, commercial undoubtedly proves the Hindi phrase 'Sone pe Suhaga'. One would certainly cherish this as a working place whether it's about getting the two-side display benefit or ventilation.

RELIABLE &

FAVOURABLE LOCATION

A location becomes favourable when it's reliable in terms of reward. Nothing to describe 150 Feet Ring Road as everyone knows how promising the location is and the commercial is road touch which is another favourable feature.

GRACE OF

TERRACE

During such tight working schedules, one should get leisure time where one can have lighter moments like chatting for a while or having a cup of tea/coffee, this practice helps to restart the work more efficiently and here, the terrace lounge does that for you.

STEP
ELEVATION

This commercial would be one step ahead of others as it has a mesmerizing step elevation. And that aspect doesn't just give this commercial a different identity, but that would definitely sooth your eyes.

WIDER
LOBBY

The passage is an element of a commercial that gives you a glimpse in prior before you reach the office or a showroom. The passages kept here are wide, which enhances the overall richness.

ATTRACTIVE
SIGN SPACE

In terms of commercials, the category of showrooms is a bit showoff thing, and the sign space plays a vital role. If the sign space is narrow, a brand doesn't get enough visibility. But here, one would get the immense sign space.

NEW PERCEPTION FOR
RECEPTION

Reception is a space that does the hospitality first on behalf of the office or showroom owners. It glorifies the surroundings, and the centralized AC reception is literally the same.

SPACIOUS
FOOD COURT

The Capital also offers a food court sort of a place, where one can have their likable food and hang out during the intervals.

MORE THAN ENOUGH

RESOURCES

The Capital offers such exceptional displays and apart from this, there would be a separate parking lot for visitors and double-level basement parking for the showrooms & office owners.
